

TAFE SA Higher Education

Undergraduate Certificate in Drafting for Building and Construction

In this document you will find information about the entry requirements for TAFE SA's Undergraduate Certificate in Drafting for Building and Construction, an overview of the profile of students who commenced study in Semester 1, 2022, and where to go to find further information.

The information in this document applies to domestic students. If you are an international student, please visit [TAFE SA International](https://www.tafesa.edu.au/international).

Student profile

The table below indicates the admission profile of students who commenced the Undergraduate Certificate in Drafting for Building and Construction at TAFE SA in Semester 1, 2022.

Applicant background	Sem 1, 2022 intake	
	Number of students	Percentage of all students
(A) Higher education study (Includes a bridging or enabling course)	<5	NP
(B) Vocational education and training (VET) study	0	0%
(C) Work and life experience (Admitted on the basis of previous achievement not in the other three categories)	<5	N/P
(D) Recent secondary education: <ul style="list-style-type: none"> Admitted solely on the basis of ATAR (regardless of whether this includes the consideration of adjustment factors such as equity or subject bonus points) Admitted where both ATAR and additional criteria were considered (e.g. portfolio, audition, extra test, early offer conditional on minimum ATAR) Admitted on the basis of other criteria only and ATAR was <u>not</u> a factor (e.g. special consideration, audition alone, schools recommendation scheme with no minimum ATAR requirement) 	N/A	N/A
	N/A	N/A
	0	0%
International students	N/A	N/A
All students	<5	100%

Notes: "<5" – the number of students is less than 5

N/A – Students not accepted in this category

N/P – Not published: the number is hidden to prevent calculation of numbers in cells with fewer than 5 students.

Admission criteria

A. Applicants with higher education study

You will be eligible for admission into the Undergraduate Certificate in Drafting for Building and Construction if you have previously completed at least six months of an Engineering-related higher education course at university or another Higher Education Provider.

There is no time limit on when your previous study was commenced or completed.

You may also be eligible for credit for your previous higher education studies, which can decrease the time it takes to complete your degree at TAFE SA. Credit for previous higher education study is assessed on a case-by-case basis at the time of enrolment.

B. Applicants with Vocational Education and Training (VET) study

If you have completed a Certificate III level course or higher in an Engineering-related field, you will be eligible for entry into the Undergraduate Certificate in Drafting for Building and Construction.

C. Applicants with work and life experience (includes those who left secondary education more than 2 years ago)

Academic results

You may still use your year 12 results for entry to the Undergraduate Certificate in Drafting for Building and Construction, even if you completed secondary education more than two years ago and have not undertaken VET or higher education study since then.

You must have:

- > Met the requirements for the South Australian Certificate of Education (SACE) or its equivalent, or completed the International Baccalaureate (IB)

AND

- > Passed Year 12 Mathematical Methods or Specialist Mathematics or General Mathematics, or their equivalent.

Special Tertiary Admissions Test (STAT)

If you have not completed secondary education, did not achieve a high enough ATAR, or have not previously completed VET or higher education study, you may gain entry into the Undergraduate Certificate in Drafting for Building and Construction by achieving a minimum score of 140 in the STAT.

The STAT is a two-hour, multiple choice test that assesses your ability to study at a tertiary level.

Further information about the STAT can be found on the [SATAC website](#).

Special Admissions

If you do not meet the admissions requirements above, you may be able to apply for entry based on disadvantage.

This will involve a pre-admission interview and a literacy and numeracy test. The course coordinator will then determine if you are eligible for a place in the course.

D. Applicants with recent secondary education (within the past two years)

Australian Year 12 students

If you have completed year 12 in Australia within the past two years, you will be eligible for entry into the Undergraduate Certificate in Drafting for Building and Construction if you:

- > Met the requirements for the South Australian Certificate of Education (SACE) or the interstate equivalent, or completed the International Baccalaureate (IB)

AND

- > Achieved a minimum ATAR of 60, or equivalent

AND

- > Passed Year 12 Mathematical Methods and/or Specialist Mathematics, or their equivalent.

Overseas or non-standard secondary education

If you have completed your secondary education overseas or in a non-standard program, your academic results will be assessed to determine their equivalence.

Additional information

Aboriginal and Torres Strait Islander people

TAFE SA's [Aboriginal Access Centre \(AAC\)](#) provides support for Aboriginal and Torres Strait Islander students.

Domestic applicants with overseas qualifications

SATAC will assess overseas qualifications at the time of application to determine their Australian equivalent. Please see the information about the application process on the [SATAC website](#) for further details.

How to apply

Applications for TAFE SA higher education courses are made online via the [SATAC website](#).

For information about special admissions applications, please send an email to METBAC-SATAC-Liaison@tafesa.edu.au.
