

# TAFE SA STUDENT MASSAGE CLINIC

Swedish and  
remedial massage

**tafesa**

Government of  
South Australia

The clinic provides a valuable, cost effective remedial massage service with many positive benefits.

**As part of the students learning they are required to record their client's history and perform an initial and final musculoskeletal and postural assessment.**

**This means at the beginning of your remedial massage session you may be assessed by performing a range of movements with different body parts.**

**If you have any questions please speak with the student and staff at the time of your appointment.**

Swedish and remedial massage
