

hello! 🐾
my name is

**cuddlepup
for adoption**

NICK

age: 4 years

sex: Male

desexed: YES

**a little
about me**

- I am a calm, quiet, relaxed, respectful and gentle boy around people. I like a good zoom every now and then, or a nice leisurely stroll.
- I enjoy playing with toys (particularly balls & stuffed toys).
- I want a quiet life to enjoy my retirement. I enjoy having a routine and I am confident once I know it.
- I usually walk on a loose lead, but I can be strong on lead when seeing other breeds (but I am getting better each day).
- I do find the world a bit scary at times, which makes me unsure, and I can shut down if it's too much. However, with love and support from my human I am getting confident.
- I am still learning other breeds of dogs and get excited by them. I could live with other greyhounds or a large/medium confident dog to help show me the world.
- Children 6+ as I can be nervous at times and don't enjoy being stared at or hugged.
- I could also live alone.
- I am apartment or small yard suitable.
- Never been tested with cats or pocket pets
