

## Entry Portfolio: Diploma of Photography and Photo Imaging

As part of the course admissions requirements for the Diploma of Photo Imaging, you must provide a portfolio that showcases your technical skills and ability to:

- produce a portfolio of photo imaging work that demonstrates the ability to respond effectively to different photo imaging challenges and requirements
- produce a portfolio of photo imaging work that demonstrates conceptual, technical, and organisational skills to use a range of professional digital and/or film cameras and accessories

You may have acquired these skills during formal study (such as year 11/12) or through personal or work experience.

### Portfolio Content Guide

Your **folio** must include all of the following items:

- Four images which follow the briefs supplied:
  - Architecture – Produce an architectural images displaying lighting that highlights the shape of a building. The Image maybe for a full building or an architectural detail.
  - Portrait – Produce a head and shoulders portrait image, which displays soft lighting and shallow depth of field. The image may use studio or natural lighting.
  - Still life / Product –Produce a still life or product image which is composed in a way that could be used to promote the subject.
  - Landscape / Cityscape – Produce a landscape or cityscape image that displays creative use of shutter speed.
- All your images must display the manual use of ISO, Shutter, aperture to obtain correct exposure.
- All your images must be in focus.
- For each image, you must provide a written analysis identifying the element of composition used and how they meet the brief (max. 250 words per image).

### To prepare and submit your portfolio:

- **Individual Image Files (jpegs) including metadata plus a Text Document** that contains the rationales. Put them in a folder and compress/zip making sure the size is no more than 10MB.
