Reasons to Love Adelaide

South Australia is one of the largest states in Australia. With a coastline that stretches over 3,700 km, unique and spectacular landscapes, fabulous beaches, a great city vibe and places full of cultural and spiritual significance, there truly is something for everybody in South Australia.

Affordable Living
Adelaide’s lower cost of living means that students enjoy great quality of life with rent, transport and food more affordable than most other Australian cities. Statistics show that Adelaide is 19% more affordable to live in than Melbourne and Sydney and 7% cheaper than Perth and Brisbane.

Location
It’s easy to explore Australia from Adelaide. You can fly to Sydney in less than two hours, to Melbourne in around 45 minutes, Perth in under four hours and to Alice Springs for Uluru in about 2 hours. Many airlines offer cheap fares that students can take advantage of during their holidays.

Adelaide, voted Australia’s most liveable city*

Reasons to Love Adelaide

Accessibility

Adelaide is well serviced with public transport including buses, trains and trams that will take you from the heart of the Central Business District (CBD) to the suburban areas of the city and beaches. There is even a free "city loop" bus and tram that will take you around the CBD.

It's an easy city to walk or cycle around and as long as you bring your international driver's licence, you'll be able to drive here too.

Need to get to the airport to catch a flight or pick up a friend? The airport is only a 15 minute drive from the city.

All international students are entitled to a concession when buying public transport tickets. All you need is your student identification card.
Our state’s capital, Adelaide, has a vibrant culture, relaxed living and an exciting future. Voted Australia’s most liveable city for 2 years running*, Adelaide is a safe, friendly and affordable metropolis with a bustling retail hub, world-class wine, rich culinary scene and a great appreciation of theatre and art. Adelaide City has also been ranked as one of the top 10 cities in the world to visit by Lonely Planet in their Best of Travel 2014 book.

*State of Australian Cities Index Report 2013

Safe, welcoming and inclusive

Adelaide has low crime rates and in 2012 it was listed as the safest city in Australia*. With more than 120 nationalities represented in South Australia, it’s a multicultural hub, accepting of all races and religions. This means you are free and encouraged to practise your culture and faith without discrimination and you’ll have the opportunity to meet and learn about people from every nation.

The best of shopping and eating

From leading fashion labels and international brands to designer threads and funky, handmade gifts, you can find it all and more in Adelaide’s many retail strips and shopping malls. If local art and craft markets are more your thing, you will find plenty of them too.

If you are a food lover or enjoy international cuisine, you have come to the right city. In Adelaide we are internationally known for our love of all things food. The historical Central Market is where you will find the freshest local quality produce available. We also have plenty of restaurants and cafes from just about every cuisine you can think of, plus there’s likely to be a supermarket that sells food from your home country.

Festivals and events

South Australia is known as the Festival State and Adelaide is home to over 400 major events throughout the year. The Adelaide Fringe Festival, Adelaide Festival of Arts, OzAsia, Adelaide Cabaret Festival, Womadelaide and Adelaide International Guitar Festivals are amongst some of the internationally recognised arts and music events. You will find many free events and festivals to attend, particularly during summer when Adelaide is buzzing with art, culture, food and wine events taking place all over the city.

Entertainment

Adelaide has thriving local live music, theatre and arts scenes. From local bands, music festivals, street performers, and visiting international artists, there’s always something to see, hear or experience.

Sport

Sport plays a large role in South Australian life and Adelaide’s sporting calendar is brimming with major sporting events. There is cricket, soccer, tennis, car racing, swimming and cycling just to name a few.

Ride with the Santos Tour Down Under World Tour Cycling Race, see a cricket test at the historic Adelaide Oval or learn the sport of Australian rules football. Whatever sport you enjoy playing or watching, you’ll find it in Adelaide.

Education

Producing Nobel Laureates and Rhodes Scholars, Adelaide has a long and strong history of education stemming over 130 years. As well as TAFE SA, Adelaide is home to five world class universities: The University of Adelaide; University of South Australia; Flinders University of South Australia; Carnegie Mellon University (US); University College London (UK).

As the state’s largest provider of vocational education and training (VET), TAFE SA is at the forefront of developing South Australia’s future workforce. TAFE SA is widely recognised for its excellence in delivering nationally accredited and internationally valued qualifications. A TAFE SA qualification is a valuable asset wherever your career takes you.

Strong working relationships with business and industry means that TAFE SA courses are designed to provide you with real-world skills.

Whether you are looking for a course with practical training for a specific career or trade, a clever pathway into university or looking for that competitive edge in your career by acquiring new skills, TAFE SA is your practical pathway to the career you want.
If you dream of going to university but would like to gain the practical knowledge first, TAFE SA is your clever pathway to university. Many TAFE SA qualifications at Certificate IV, Diploma, and Advanced Diploma level can be used to apply for university entry.

Complete your degree faster
TAFE SA offers clear pathways and generous credit arrangements thanks to its strong connections with universities.

Many of TAFE SA’s Diploma, Advanced Diploma and Associate Degree qualifications can gain you credit towards your university degree. This means that you may be able to complete your university degree in less time and at a lower cost.

Successful completion of a TAFE SA Diploma usually provides up to one year credit for university study and an Advanced Diploma usually provides up to a year and a half credit. Successful completion of an Associate Degree usually provides up to 2 years credit.

Credit transfer explained
Credit transfer is the formal recognition that components of some study/training programs are equivalent in content and level to the components of other training programs. TAFE SA has formal credit transfer arrangements in place with the university sector of South Australia.

Credit transfer results in:
> Automatic status or credit for eligible students in part(s) of a course/qualification
> Exemption from that part of the course
> Shorter course duration and lower cost

Status granted through credit transfer is recorded on your Student Academic Record. There are no fees when applying for recognition through credit transfer*. For further information go to: tafesa.edu.au/international/apply-international-student/int-credit-transfer

The competitive edge
Your TAFE SA qualification provides you with the clever pathway to university. With your completed TAFE SA qualification you’ll gain a nationally recognised and internationally valued qualification with academic and real life skills giving you the competitive edge in your career.

Application process
TAFE SA has been approved by the Department of Immigration and Border Protection (DIBP) as a Streamlined Visa Processing (SVP) Provider. Entry to TAFE SA programs under the Streamlined Visa Processing system is limited to TAFE SA Bachelor and Advanced Diploma* programs.

For information on current Packaged University Offers available under the Streamlined Visa Processing system, please see page 14.

*The availability of Advanced Diploma programs under the Streamlined Visa Processing system is subject to government approval.
Example of savings

Jackson wants to complete the Bachelor of Engineering (Electrical and Electronic) at the University of Adelaide. This will cost him around $30,000 (AUD) for each year of the four year degree or around $120,000 (AUD) for the whole degree.

Jackson has chosen to study the Associate Degree in Electronic Engineering at TAFE SA which costs around $15,400 (AUD) a year or around $30,800 (AUD) for the two year course. When Jackson completes his Associate Degree he can apply for entry to the Bachelor of Engineering (Electrical and Electronic) at Adelaide University and will gain two years credit. This means that he will begin university in the 3rd year of the degree and take just two years to complete his degree.

At the end of the four years, Jackson will have two qualifications, the Associate Degree in Electronic Engineering and the Bachelor of Engineering (Electrical and Electronic).

This is what Jackson’s dual qualification will cost him compared to if he had entered university directly:

TAFE SA has helped more than one million students get the careers they want over the last 30 years.

Skills that employers want
Strong working relationships with business and industry mean that TAFE SA courses are designed to provide students with real-world skills that are demanded by employers, making a TAFE SA qualification highly sought after.

Our lecturers are highly experienced and active in their given field of expertise ensuring they stay up-to-date with current industry skills and knowledge. Our teaching methods ensure that concepts are easy to understand, equipping students for continued learning success.

Work placements
Several TAFE SA courses offer the valuable opportunity for students to obtain first-hand experience through work placements as part of their course program. This allows students to test their skills and establish potential employment contacts.

Not all courses offer work placements so be sure to check out the course information for your chosen course at: tafesa.edu.au/international-courses

Recognition
With your TAFE SA qualification you’ll gain a nationally accredited and internationally valued qualification with academic and real life skills giving you the competitive edge in your career.

Studying with TAFE SA provides the gateway to life enriching experiences that last a lifetime.

Small classes provide big benefits
Learning with TAFE SA means you will experience small classes, supportive and accessible teachers and flexible study options. The average class size at TAFE SA is 15-25 students. This means the lecturer is able to give each student more personal attention, assistance and encouragement making your study experience more rewarding.
The Fashion Design course is very practical, but we also do theory as well of course. The teachers are very supportive and the other students are all friendly. I would absolutely recommend Adelaide as a place to study.

Patricio Banados-Valenzuela – Chile
Diploma of Fashion Design

“I’m looking for a competitive edge in my career by acquiring new skills”

You may have already finished a higher education or post graduate degree but need practical experience in addition to the theoretical knowledge. Perhaps you have worked for many years and are looking to increase your knowledge with the most recent and advanced techniques in your field.

Flexibility
With the ability to study from a Certificate III level for 6 months up to an Advanced Diploma level for 3 years, TAFE SA can offer you the flexibility to brush up on your skills, or learn new ones for as little or as long as you like.

Recognition of Prior Experience or Study Recognition of Prior Learning (RPL)
TAFE SA recognises that you may already have knowledge and skills from life and work experience (paid or unpaid), previous courses and training, or self-taught knowledge and skills. If you can provide evidence that you already have the relevant skills and knowledge, you may be able to use this to gain recognition for all or part of a course at TAFE SA. This is known as Recognition of Prior Learning (RPL). Evidence provided for consideration may include certification, references from employers, testimonials from clients and work samples.

Fees apply.

University Pathways

TAFE SA offers clear pathways and generous credit arrangements thanks to its strong connections with the University of Adelaide and the University of South Australia.

Successful completion of a TAFE SA Diploma usually provides up to one year credit for university study and an Advanced Diploma usually provides up to a year and a half credit.

Packaged University Offers

International students can now apply to TAFE SA for a packaged offer with a local university as TAFE SA is an approved Education Business Partner of both the University of Adelaide and the University of South Australia under the Streamlined Visa Processing (SVP) arrangements.

Packaged University offers provide successful applicants with a joint offer in a TAFE SA program and a nominated University program. On receipt of the Confirmation of Enrolments (COEs), international students can apply for a student visa through the SVP system for the total duration of both programs. These applications are deemed as low risk and so are not processed according to the usual Student Visa Assessment Level categories.

A packaged university offer means that on successful completion of their TAFE SA program, students will have guaranteed entry to and will receive credit toward their nominated University program.*

Our Campuses, Learning Centres and Facilities

TAFE SA has campuses in the heart of the city as well as throughout South Australia.
TAFE SA campuses offer a wide variety of specialised training facilities including:

- Virtual enterprises
- Theatres
- Studios
- Restaurants
- Kitchens
- Workshops
- Nursing wards
- Dental clinics
- Simulators
- Hair and beauty salons

All TAFE SA campuses offer a range of facilities to help you make the most of your studies. All campuses are modern and well equipped with the following:

- Library with computer suites and study rooms
- Prayer rooms (available at some campuses - check with your specific campus)
- Cafeterias
- Student common areas
- Food preparation facilities
- Easy access to public transport
- Childcare Centres (available at some campuses – check with your specific campus)

TAFE SA Centres of Excellence and specialised facilities provide leadership with a defined focus in specific industry sectors. Program and subject expertise are brought together from across campuses state-wide to create innovation and best practice. Industry and business are engaged to drive development and ensure currency and relevancy of training. Students are assured that learning in a Centre of Excellence, or specialised facility, provides the most up-to-date education available.

Centres of Excellence include Adelaide College of the Arts, Regency International Centre, the $120 million Tonsley TAFE located at the Sustainable Industries Education Centre (SIEC) and the $38 million Mining Engineering and Transport Centre (METC) which supports the growth of the mining, engineering, advanced manufacturing, transport and defence industries in SA.

For full campus details go to: tafesa.edu.au/campuses

Student Services

We understand that sometimes studying as an international student can be a daunting experience.

TAFE SA is committed to helping you achieve your career goals. Our international student support services are designed to help you succeed and are available to assist you from the time of your arrival until your graduation.

A dedicated International Student Support Consultant, together with campus based student service units strive to ensure you have a great study experience at TAFE SA.

Services on offer include:

> On arrival orientation program
> Counselling
> Academic learning support
> English language support
> Social and recreational programs
> Facebook interaction to keep students up to date with events, jobs and other information

For more information about Student Services visit: tafesa.edu.au/international/int-support-services

Counselling service

If you are experiencing difficulties, counselling services can assist with:

> Career and course choice
> Help with learning and language
> Financial advice and assistance
> Finding accommodation
> Medical or stress-related problems
> Personal or family problems
> Student visa and attendance issues

This is a free service accessible by phone, email or in person.

For more information about Counselling Services visit: tafesa.edu.au/international/int-support-services

Learning support service

If you are experiencing difficulties with any aspects of your course, our learning support provides you with extra teaching assistance to help you reach your goals.

Sessions are available throughout the academic year at all TAFE SA campuses.

Learning support is designed to help you:

> Organise your course work and study schedules
> Improve your English language skills
> Build your mathematical skills
> Prepare you for tests or examinations
> Note taking, memory skills and presentations

For more information about Learning Support Services visit: tafesa.edu.au/international/int-support-services

Compulsory health cover

It is an Australian Government requirement that student visa holders contribute to the Overseas Student Health Cover Scheme (OSHC). This insurance will cover your visits to doctors, specialist visits, and hospitalisation, pathology services, x-rays and some prescriptions. Cover must be paid before your student visa is issued. How much you pay for OSHC will depend on the length of your course. The amount payable for your health cover is shown on your Letter of Offer.

TAFE SA has a preferred provider for OSHC, but you are free to choose another health cover provider if you wish.

For more information about OSHC visit: immi.gov.au/students/health-insurance.htm

“I struggled when I first arrived in Adelaide to adapt to the culture and language. Student services helped me both personally and academically and offered me help with English, counselling and academic support.”

Satomi Naanishi – Japan
Hospitality Student
Work rights
All student visa holders will receive automatic work rights which will allow them to work during their time in Australia. Students are limited to working 40 hours per fortnight while their course is in session. Students’ working hours are calculated from Monday to Sunday.
While TAFE SA does not organise employment, many international students find work in the retail, tourism and hospitality industries.
For employment opportunities visit:
seek.com.au
careerone.com.au

Orientation program
Orientation programs are held at the beginning of each semester over two days for students commencing their studies with TAFE SA.
During the orientation program students are shown around the campus, meet other students and lecturers, start to make friends and get familiar with TAFE SA and Adelaide.
The International Student Orientation Programs are organised by the TAFE SA International Unit and attendance is compulsory. Course areas also hold a student induction which covers course, study and assessment expectations and research skills.

Arrival in Adelaide
FREE airport pick-up and accommodation support
TAFE SA International has engaged Multicultural Youth SA Inc. (MYSA International) to provide TAFE SA international students with a range of orientation, settlement and support services to help them find their way in a new city, feel at home and meet new friends. MYSA International provides the following FREE services:
> Airport pick-up and transfer
> Orientation and settlement support
> Accommodation support
> MYSA International Buddies
To book any of these services visit: tafesa.edu.au/international/int-support-services/arrival-pickup and download the student request form.
MYSA International is a not-for-profit, non-government organisation that was established in 1997. MYSA International is the state advisory, advocacy and service delivery body for young people from multicultural backgrounds and is now expanding to provide orientation and settlement support to international students. Where to live?

When deciding where to live consider:

> How far away your campus and other facilities (workplace, sport, library, shops and markets etc.) are
> Costs (rent and cost of travel)
> Lifestyle (if you would like to live in the city, suburbs or close to the beach)
> Preferred living arrangements (if you like to live alone or would like to share with other students.)

The most popular types of student accommodation are student housing (purpose-built apartments or dormitory style residences) and private rental accommodation (apartment or house)

Accommodation types

Student housing

Adelaide has many accommodation options specifically for students. These include dormitory style accommodation, shared apartments (individual bedrooms with shared facilities) or individual studio style apartments. Most of these provide students with a private room (so you can concentrate on your studies) while sharing other facilities in a friendly environment where you can mingle with other students from all over the world.

Most student housing is located in the city or near TAFE SA campuses, saving on transport costs and placing you close to facilities.

Many of these offer inclusions such as internet access, utilities, fully furnished apartments and they may offer additional services such as meals or laundry.
Regency International House

Regency International House is located on the TAFE SA Regency Campus, just 15 minutes from the Adelaide Central Business District and provides housing for international students.

Close to public transport, shopping centres and a wide variety of multicultural restaurants, it’s the perfect location for international students studying at many of TAFE SA’s metropolitan campuses.

Security

With a full-time manager overseeing all matters relating to students, and a member of staff on site 24 hours a day, 7 days a week, you can be sure that there will always be someone around should an emergency arise.

Comfort

Each villa at Regency International House is light, bright and airy and comes fully furnished. Villas are more than 100 square metres in size and house four students – all with their own private bedroom including a telephone, computer and wireless internet connection. Each villa has two ensuite bathrooms, a sitting room and a kitchenette for light meals or a late-night snack. Laundry facilities are also included and are shared within each complex consisting of four villas.

Care

Included in the weekly accommodation rate are 3 meals a day which are prepared and made on-site in the commercial kitchen. Students make their selection from the cafeteria-style kitchen and eat, usually with friends, in the communal dining room, or if they study at a campus other than Regency, lunch can be packed for them to take away. The menu is varied and changes on a regular basis taking into account different tastes and cultural diversity.

Also included in the monthly rate are all utility costs (water, electricity etc.) and cleaning of the villas once a week so that students have more time to focus on what’s really important.

Lifestyle

The student common room, dining room, tutorial room and computer suite (all open 24 hours a day) are located in the main Administration block. Other facilities include a Muslim prayer room and a games room – a popular retreat for students, with a pool table, table-tennis and other activities available within it. Amongst the landscaped surrounds of Regency International House are basketball and tennis courts available for the sole use of RIH residents.

Regency International House also organises and promotes social activities and outings for students on weekends and holidays which helps to balance the demands of study and assists in building a friendly and social community amongst the residents allowing students to form friendships for life.

For further information about Regency International House visit: tafesa.edu.au/international/accommodation

Homestay

Homestay is where you live with an Australian host family. Host families are located all over Adelaide and throughout the state.

These are welcoming environments where you have the chance to really experience Australian life and practice your English language skills.

Most homestay hosts offer dining options which may mean that your meals are prepared for you or you may need to provide and prepare your own food.

As a homestay student you will have a bedroom with linen, a place to study and will share the bathroom/s, kitchen and other facilities with the homestay family.

All homestay families are different; they may be a couple, a family with children or a single person. Many Australian families have pets including dogs. You will be a part of the household and so will need to look after your own needs and may be responsible for keeping your room tidy and doing your laundry.

For further information on homestays visit:

homestaynetwork.org
studentliving.com.au
unilodge.com.au/adelaide

Private rental

A private rental allows you to choose where you want to live - in the city, near your campus, friends or work or maybe near the beach. You’ll need to pay your weekly rent and utilities such as electricity, gas, water and telephone.

The style of accommodation (house or apartment) and rent payable will vary from suburb to suburb. You may need to sign a rental agreement (lease) with the owner (landlord) and pay some rent in advance (bond). Once you have signed a lease you are a tenant of the property. As a tenant you have certain rights under Australian law and your rental bond is refundable to you at the end of your lease if the lease conditions are met. For further information about your rights as a tenant visit: cbs.sa.gov.au/wcm/rentingletting/

For a listing of rental properties visit:
realestate.com.au
domain.com.au

Students often share a house and you can expect to have a bedroom to yourself, but share the rest of the house and expenses (electricity, gas and water) with the other people living there. If you rent a room in a share house, you may pay more if the room is furnished or utilities are included in the weekly rental cost. Sharing can be the cheapest option but it is important to have a clear idea of how chores and bills will be divided. It should also be noted that share accommodation can sometimes mean you are sharing a room with someone with little to no privacy (such as a backpackers hostel).
In Australia, career advancement can depend on your level of qualification.

The chart below displays the training outcomes and possible career outcomes achieved from each level of qualification you study.

TAFE SA offers multiple entry and exit points that allow flexible learning and pathways to match your needs.

Admission requirements

The minimum academic entry requirements for TAFE SA International are:

- **Certificate II or Certificate III course** – satisfactory completion of Year 10 or equivalent
- **Certificate IV course** – satisfactory completion of Year 11 or equivalent
- **Diplomas, Advanced Diplomas and Associate Degree courses** – satisfactory completion of Year 12 or equivalent

Most Foundation Studies Programs, particularly those offered by Australian Universities, are deemed equivalent to Year 12.

English Language Admission Requirements

All TAFE SA award courses require a minimum IELTS (International English Language Testing System) score or equivalent. Depending on the specific course, these minimum Academic IELTS scores can vary. Most courses have a minimum Academic IELTS of 5.5 with a minimum of 5.0 in all bands or equivalent. Please check the minimum score required for your preferred course as some courses require a higher English language level: [tafesa.edu.au/international-courses](http://tafesa.edu.au/international-courses)

Special admission requirements

Some courses including Dental and Oral Health, Veterinary Nursing, Nursing, Laboratory Technology and Electronic Engineering have special admission requirements including completion of certain subjects, a specific pass level in certain subjects or an IELTS score higher than 5.5.

Applications for some Diploma, Advanced Diploma or Bachelor Degree courses may need additional assessment by the Program Group and/or may require you to sit a test before an offer can be made.

You should always check the admission requirements for your preferred course on the TAFE SA website: [tafesa.edu.au/international-courses](http://tafesa.edu.au/international-courses)

Students under 18 years

TAFE SA is now accepting 17 year old international students to study either English Language (ELICOS) or award courses.

Students must be 17 at the time of commencement of their study (as per the date identified on their CoE) but are able to apply when they are 16.

The Department of Immigration and Border protection (DIBP) requires all students who are under the age of 18 to have appropriate welfare and accommodation arrangements in Australia.

Students who are not accompanied with their parents must have approved Accommodation and Welfare Arrangements.

TAFE SA | COURSE GUIDE 2016

TAFE SA has approved AHN (Australian Homestay Network) and International Student Alliance (ISA) as providers of these services. The fees applicable to these services can be obtained by contacting the relevant service provider.

In order to acquire a Student Visa, students will need to provide evidence that they will be living in either DIBP or TAFE SA approved welfare and accommodation arrangements.

**Under 18 Application Quick Guide**

1. Choose who will provide care for the student. If care and accommodation will be provided by parents or a close relative or if TAFE SA approved care and accommodation providers will be used.
2. Parent or guardian completes the Welfare and Accommodation Arrangement Form and follows the process
3. Student applies to study with TAFE SA
4. Care and accommodation is confirmed with the parent or guardian
5. Student accepts offer and receives CoE
6. Students must not travel to Australia before the day their welfare arrangements commence.

[tafesa.edu.au/international/apply-international-student/students-under-18-years](http://tafesa.edu.au/international/apply-international-student/students-under-18-years)

Students who do not have an IELTS score may be eligible to obtain an English language test score for entry to TAFE SA award courses by sitting the ISLPR test.

TAFE SA will accept an appropriate ISLPR score as an English Language score for entry to TAFE SA award courses.

Students who are resident in Australia with a current student visa are eligible to take the ISLPR test. The test can be taken at the TAFE SA City campus at a cost of AUS$250.00. Applicants who are not resident in Australia are not eligible to take the test and must meet English Language entry requirements through other English Language tests.

Student visa applicants cannot use a ISLPR score as the English Language requirement for their visa application.

## Admission Requirements

Some TAFE SA qualifications require you to have completed your schooling to the overseas equivalent of Year 12. The table below explains what the overseas equivalent to Year 12 is.

Some lower level courses require the overseas equivalent of Year 10 or Year 11. These are deemed by the Australian Education International (AEI) guidelines. Please refer to the TAFE SA International Office for further details tafesa.international@tafesa.edu.au

Your Application

**STEP 1**  Choose a course
Applying to be an international student at TAFE SA is easy.

**STEP 2**  Prepare your application
**Supporting documents**
You must attach the following supporting documents with your application.
> English language test results (IELTS or other accepted English language tests, see page 33
> Certified true copies of your academic records.
> Employment history and employer references (if relevant).
> A copy of the front pages of your passport (if available) and visa as proof of identity.

Applications will not be reviewed until all supporting documents are received.
If your documents are not in English, you will need to provide a certified English translation.
These documents must be approved by an accredited translator and any photocopies should be certified true copies.

**STEP 3**  Submit your application
You can submit your application direct to TAFE SA using any of the 4 easy methods listed below:

Your Offer and How to Accept

If your application is successful, we will send you a Letter of Offer.

There are two types of offers:

1. Unconditional
2. Conditional

1. Unconditional offer

This means that you have been offered a place in your chosen program without needing to satisfy any conditions such as meeting an IELTS score.

If there are no conditions you will need to accept your offer within 8 weeks of the date of the letter.

To accept your unconditional offer:
You should sign it and return it to TAFE SA International within 8 weeks with the following:

- Signed acceptance of offer
- Signed refund table
- Proof of your fee payment
- Proof of health cover (if available) see page 16 for more details

Once these are received, we will send you a Confirmation of Enrolment certificate (CoE) by email or to your agent.

2. Conditional offer

This means that you have been offered a place in your chosen course, subject to meeting the conditions outlined in your Letter of Offer.

These conditions may include the results of an IELTS test (or equivalent) or satisfactory completion of a TAFE SA ELICOS course.

To accept your conditional offer:
If your offer is conditional, you must meet all the conditions set out in your Letter of Offer. Once conditions have been met, accept your offer by signing and returning it to TAFE SA International:

- Signed acceptance of offer
- Signed refund table
- Proof of conditions met
- Proof of your fee payment
- Proof of health cover (if available) see page 16 for more details.

Once these are received, we will send you a Confirmation of Enrolment certificate (CoE) by email or to your agent.
The TAFE SA English Language Centre offers a range of flexible and intensive English Language programs for international students. Students can develop their English skills to prepare for study, employment, professional registration or to increase their IELTS level.

A range of English Language courses are available as part of Packaged University Offers under the Australian Government’s Streamlined Visa Processing Arrangements. Successful completion of a TAFE SA English Language course can provide entry to a range of undergraduate and postgraduate programs at South Australian Universities*.

Why study English with TAFE SA?

COURSE DESCRIPTION
The General English courses are designed for international students (i.e. student visa holders) and holders of other temporary visas who wish to improve their English. The courses aim to develop students’ general English skills and prepare them to be successful in interacting with native speakers and teachers in Australia and overseas with a focus on:

> Developing listening, speaking, reading and writing skills from elementary to advanced level
> Improving vocabulary

The course consists of 5 class levels:

> Elementary
> Pre-intermediate
> Intermediate
> Upper intermediate
> Advanced

The actual duration and cost for the individual student will depend on the English level, goals and pathways. A pre-course assessment and interview will determine class placement. The weekly cost of the course is only $350 (AUD) per week. Whether you study for only 5 weeks or up to 40 weeks you will only pay $350 (AUD) per week. Courses commence weekly throughout the year.

COURSE ADMISSION REQUIREMENTS

COURSE TYPE
Non Award Course

COURSE DESCRIPTION
The English for Academic Purposes (EAP) courses are designed for upper intermediate level International students who are planning to do further study in a TAFE SA Award or university course, and provide the necessary academic English skills required for this purpose.

The course aims to prepare students to be successful in interacting with native speakers and teachers in TAFE SA and University courses and also prepares them for study in other academic institutions both in Australia and internationally.

TAFE SA offers a highly supportive study environment where students develop high level English skills through small classes and highly interactive teaching. With continuous assessment throughout the course, students receive regular feedback and timely intervention to make sure that they achieve the English language skills and outcomes that they need.

The course has a focus on:

> Developing high-level academic skills: writing, listening and note taking, reading, comprehension, research skills, academic language for oral presentations and seminars, study skills and group work
> Developing grammar, topic pronunciation and computer literacy
> Developing specific vocabulary for students future course.

COURSE ADMISSION REQUIREMENTS
EAP 20: A general or academic IELTS score of 4.5 or equivalent, with a minimum of 4.5 in all macroskills. EAP 10: Academic or general overall score of 5.0 IELTS, with a minimum of 5.0 in writing, and 4.5 for listening, speaking and reading or equivalent. Students with any macroskill score below 5.0 will find it difficult to reach the required level of English by the end of this 10 week course.

FEES
10 week duration total tuition fee AUD $3,500
20 week duration total tuition fee AUD $7,000

“Before starting the Advanced Diploma of Accounting at TAFE SA I needed to improve my English skills. The EAP course improved my social communication skills. I am now a lot more confident interacting with my class mates and lecturer.”

Nghia Tran – Vietnam
The organisation of the course was great, every 2 weeks we learnt a new topic and had plenty of time for practice. The support I got from my lecturer assisted me to get an 8.0 in my IELTS test. I can now qualify as a Registered Nurse.

Shirley Chen – Taiwan

English for Undergraduate and Postgraduate University Study

Students who have an IELTS of 5.0 or 5.5 and need to achieve a higher IELTS score of 6.0 or 6.5 or above for entry to some undergraduate University programs or need to develop academic English language skills may choose to enrol in:

English for Academic Purposes 20 (20 week course)
With an existing IELTS score of 5.0 and completion of English for Academic Purposes with a credit grade, it is possible for students to achieve the level of English required for Undergraduate study at universities in South Australia. Students should confirm the English language requirements for their selected University program including the requirement to sit or provide the results of an English language (IELTS) test.

English for Academic Purposes Advanced
English for Academic Purposes (Advanced) is designed for students who need to develop their English language skills for University study at both Undergraduate and Postgraduate level. Students develop the English language skills needed including lecture note taking, presentation and group discussion skills and planning essays and assignments. Students are introduced to and become familiar with the vocabulary specific to their chosen study field.

The course will expose students to a University-style learning environment which includes research tasks, group presentations, tutorials and seminars, and attend University familiarisation tours.

Advanced IELTS Preparation
The Advanced IELTS Preparation course is designed for upper intermediate level international students who need to improve their IELTS score for further study in TAFE SA courses or at university level. For students who enter with an IELTS of 5.5, it is possible to achieve an IELTS of 6.5 with the 20 week Advanced IELTS Preparation course. Students can achieve the higher level language skills required for University undergraduate and postgraduate study. Students should confirm the English language requirements for their selected University program, including the requirement to sit or provide the results of an English language (IELTS) test.

Entry to University of South Australia
Successful completion of EAP Advanced (Part 1-10 weeks) provides entry to a range of undergraduate courses with an entry of IELTS 6.0 (in reading and writing) at the University of South Australia. Successful completion of EAP Advanced (Part 2-10 weeks) provides entry to a range of undergraduate and postgraduate courses with an entry of IELTS 6.5 (minimum in reading and writing) at the University of South Australia.

Students who complete the English for Academic Purposes Course (EAP20) course with a Credit grade, may enter any undergraduate program requiring a minimum IELTS of 6.0 overall at the University of South Australia, without a further language test. Students must enter the EAP20 course with an IELTS score of 5 and achieve a Credit or higher grade.

Students are strongly encouraged to complete the Diploma and Advanced Diploma as a package for the duration of 3 years (6 semesters) at a total cost of $40,500.

Interview & Audition Details:
Recordings of audition must be received by the Program Area by September 1st of each year. Interviews (can be Skype) must be completed by October 1st of each year. Typically successful students will be informed by October 30th of each year.

Students must be physically able to actively participate in movement participation.

COURSE DESCRIPTION/SKILLS COVERED
The Advanced Diploma of Arts (Acting) covers five broad disciplines:

ACTING - First year begins with an emphasis on the ways that acting is like life. In second year, this is disrupted by accepting that in order for acting to become art, it needs to embrace the artificialities of stage & screen—the fiction, style, and collaboration with writers & directors. This emphasis on the actors’ collaboration sustains the third year of the course, with a focus on repertoire-building, stretching skills & artistic horizons;

MOVEMENT - The movement practice teaches the ability to synthesise physical spontaneity & discipline, inspiration & technique, instinct & knowledge to bring the body to a state of readiness for acting. The first year begins with the exploration of physical possibilities & expression through formal exercises & informal creativity. The second year has more emphasis on specific movement ‘arts’ like stage-fighting, dance for musicals, physical theatre & placing those arts in the context of a scene, a play, a production. The physical dichotomy of reality & artifice continues to be refined in the third year through the theatre-making processes & productions;

VOICE - Spoken voice training provides the skills required for athletic voice use in live performance & the discrete skills of voice use for film & television, as well the skills to use the voice effectively in all facets of daily life. The focus is on both craft & artistry, with vocal health the underpinning principle;

PERFORMANCE/PRODUCTION - The performance units of first year allow access to a wide range of teachers of acting & theatre-making. In second & third year, performance units make way for production units. Rehearsals for shows run from 2:00-6:00pm every day for the first half of each term, then full-time. Productions are created within an intense ‘production house model’, which means that you will work alongside students from our other course disciplines including stage managers, designers, lighting and sound technicians – all led by professional directors;

CONTEXTUAL STUDIES - Contextual studies cover a range of areas that create a context for the intensive study of acting. This includes history of theatre & acting, different genres of dramatic literature, dramaturgy, play-writing & performance studies, industrial structures, processes, & expectations of professional actors, grant writing & screen studies.

Before I started the course I had never heard that buildings could be built to consume less energy and why that was important. The TAFE SA course opened my eyes to the importance of creating buildings that consume less energy from the environment.

The TAFE SA course has put me at the front of the pack in understanding the ways properties can be designed to consume less energy.

Diploma of Screen and Media

**DURATION** 1 year

**CRICOS CODE** 084942C

**NATIONAL CODE** CUFS0107

**CAMPUS** Adelaide College of the Arts, Tea Tree Gully

**ADMISSION REQUIREMENTS**
Academic IELTS score of 5.5 Overall with minimum of 5.0 in all bands or equivalent.

**Program Note:** Students who wish to study the Film and TV stream or the Computer Generated Imagery & Visual Effects (CGI & VFX) stream typically complete a package of courses, made up of the Diploma of Screen and Media (2 semesters) and the Advanced Diploma of Screen and Media (2 semesters) for a total duration of 2 academic years (4 semesters). The cost of this package is AUD $23,600. Students will receive a COE and a parchment for each of the courses within the package.

**COURSE DESCRIPTION**
Students applying for the Diploma of Screen and Media must select one of two streams: Film & TV or Computer Generated Imagery & Visual Effects (CGI & VFX).

**Film and TV Stream**
The Film and TV stream equips students with comprehensive production and post-production skills required in today’s screen industry. Our training focuses on specific crew roles for on-set and location-based productions via current industry practices, which include:
- **Pre-production:** management including budgeting and scheduling, contracts and location management
- **Production:** including creative and technical skillling across several roles such as camera, lighting and sound recording
- **Post-production:** editing including technical and creative skills regarding telling the story with images and sound design, editing and mixing.

**Campus:** Adelaide College of the Arts (AC Arts).

**Computer Generated Imagery & Visual Effects (CGI & VFX)**
This stream is for students that want to excel in the field of visual effects and 3D computer animation for television and cinema. It is essentially two courses rolled into one: TV production and 3D computer animation (incorporating Visual Effects). Students are taught the practical and theoretical aspects of the movie and television making process so that they understand where computer-generated imagery fits in the workflow of a production. With a hands-on practical approach by our passionate teaching staff, students get to use industry-standard 2D and 3D software and broadcast-standard hardware.

**Campus:** Adelaide College of the Arts (AC Arts).

**Program Note:** The streams are very different; therefore students cannot swap from a diploma of one stream into the diploma of another stream. Students who wish to study the Film and TV stream or the Computer Generated Imagery & Visual Effects (CGI & VFX) stream will typically complete a package of courses, made up of the Diploma of Screen and Media and the Advanced Diploma of Screen and Media (Game Art Stream). Advanced Diploma of Screen and Media

DURATION: 1 year
CRICOS CODE: 084980G
NATIONAL CODE: CUF60107
CAMPUS: Adelaide College of the Arts, Tea Tree Gully

ADMISSION REQUIREMENTS

Academic IELTS score of 5.5 Overall with minimum of 5.0 in all bands or equivalent.

Successful completion of the one year Diploma of Screen and Media in the same design field or for students pursuing the Game Art Stream successful completion of the one year Diploma of Digital and Interactive Games.

Program Note

Students who wish to study the Film and TV Stream or the Computer Generated Imagery & Visual Effects (CGI&VFX) stream would typically complete a package of courses, made up of the Advanced Diploma of Screen and Media (2 semesters) and the Diploma of Screen and Media (2 semesters) for a total duration of 2 academic years (4 semesters). The cost of this package of courses is $23,600. Students will receive a COE and a parchment for each of the courses within the package.

COUSE DESCRIPTION

Students interested in the Advanced Diploma of Screen & Media must select one of three streams: Film & TV or Computer Generated Imagery & Visual Effects (CGI & VFX); or the Game Art stream.

Film and TV Stream

The Film and Television stream equips students with comprehensive production and post-production skills required in today’s screen industry. Our training focuses on specific crew roles for on-set and location-based productions via current industry practices, which include:

> Pre-production: management including budgeting and scheduling, contracts and location management
> Production: including creative and technical skills across several roles such as camera, lighting and sound recording
> Post-production: editing including technical and creative skills regarding telling the story with images and sound design, editing and mixing.

Campus: Adelaide College of the Arts (AC Arts).

Computer Generated Imagery & Visual Effects Stream (CGI & VFX)

This stream is for students who want to excel in the field of visual effects and 3D computer animation for television and cinema. It is essentially two courses rolled into one; TV production and 3D computer animation (incorporating Visual Effects). Students are taught the practical and theoretical aspects of the movie and television making process so that they understand where computer-generated imagery fits into the workflow of a production.

Students who wish to study Game Art would typically complete a package of the Diploma of Digital and Interactive Games and the Advanced Diploma of Screen & Media (Game Art Stream). The total duration for the Diploma and Advanced Diploma is 2 years (4 semesters) for a total fee of $23,600. The 3 streams are very different; therefore students cannot swap from a Diploma of one stream into the Advanced Diploma of another stream. Students will need to select their preferred stream on their application.

The Film and TV stream and the Computer Generated Imagery & Visual Effects (CGI&VFX) stream will be taught at the Adelaide College of the Arts (AC Arts) campus, the Game Art stream will be taught at Tea Tree Gully Campus.

FEES

Average Tuition Fees per semester AUD $5,900
Total Fees AUD $11,800

CAREER PATHWAYS

Courses in this area cover the production and creation of media content for consumers. Graduates will be prepared to work in a range of areas including the film and television sectors, video production and facility houses, special effects companies, game production studios, and mobile phone content development.

With a hands-on practical approach by our passionate teaching staff, students get to use industry-standard 2D and 3D software and broadcast-standard hardware.

Campus: Adelaide College of the Arts (AC Arts).

Game Art Stream

As a game art student you will learn the skills required of artists in game development. Game artists are chiefly modellers and texturers but also have a broad knowledge of the game development process. This course puts particular emphasis on modelling, texturing, concept development and drawing. Students develop skills and knowledge in these key areas as well as project management, team work, simulations industry and a variety of delivery platforms.

Note: students must complete the Diploma of Digital & Interactive Games not the Diploma of Screen & Media prior to commencing in the Advanced Diploma of Screen & Media (Game Art Stream).

Campus: Tea Tree Gully

*The 3 streams are very different, therefore students cannot swap from a diploma of one stream into the advanced diploma of another stream. Students will need to list their preferred preference when applying to TAFE SA.

Prior to enrolling at TAFE SA I completed a Bachelor of Arts majoring in International Studies. I realised that the Marketing Course at TAFE SA would value-add to my degree. The course was more practical, business-oriented rather than a pure intellectual exercise. Six months into my course I secured work at a local Adelaide business.

Dental Assistant Qualification including Dental Radiography training. Satisfactory completion of Year 12 or overseas equivalent. Academic IELTS of 7.0 Overall with a minimum of 7.0 in all bands or equivalent or the Occupational English Test – As and/or B’s in all areas of assessment. Successful completion of the TAFE SA Dental Hygiene written assessment (test). The written assessment will be conducted on campus and aims to assess knowledge of dental assisting and the underpinning practice, for example – basic human biology, infection control, dental industry regulations in Australia, problem solving and communication strategies.

**COURSE NOTE:** Students with an overseas qualification in Dentistry (5 year duration)/Dental Therapy (2 year duration)/Dental Hygiene plus additional Dental Radiography training, and 5 years of practise experience, may apply for Recognition of Prior Learning (RPL) (application fees apply), and if successful, complete this course in 1 year. Students seeking RPL must also successfully complete the Practical Assessment. The written assessment for students seeking RPL will be conducted on campus and aims to assess applied oral health knowledge and recent hands-on clinical workplace experience in the past five years.

**COURSE DESCRIPTION/SKILLS COVERED**
Dental Hygienists are employed in public, private and specialist dental practice where they collaborate with Dentists and other dental care workers. They are responsible for providing preventive and therapeutic dental hygiene care. This involves the provision of evidenced based dental hygiene treatment including the taking of medical histories, patient examination, hygiene treatment sequencing, patient education, fissure sealants, restoration polishing, professional tooth whitening, splinting of mobile teeth, removal of sutures, exposing and interpreting intra-oral radiographs, administering local anaesthesia, placing temporary restorations and using therapeutic agents including fluoride to prevent or control oral disease and the non-surgical management of periodontal conditions including root surface debridement. This is accomplished while complying with WHS policy and infection control protocols in the role of a dental operator. The Dental Hygienist also provides services to residents of aged care and supported residential facilities and contributes to the oral health awareness of other health care providers.
