# South Australia and Adelaide

South Australia has urban excitement and beautiful wilderness. The capital city, Adelaide has the facilities of larger cities with the beauty and convenience of a compact city.

## Beautiful

Big enough to be exciting and small enough to be welcoming, Adelaide has been ranked as one of the top 10 cities in the world by Lonely Planet and appeared on the New York Times list of places to visit in 2015.

Students will enjoy the open spaces, diverse food, vibrant festivals, music and entertainment scenes, beaches and shopping. There are plenty of restaurants, cafés and supermarkets with food from just about every country.

Sydney is only a two hour flight away and Melbourne forty five minutes from Adelaide, so exploring is easy. Adelaide is an easy city to walk or ride around with good public transport.

International students receive concession fares and students with an international license can drive.

## Safe and welcoming

Adelaide is a safe and welcoming city. With more than 120 nationalities represented in South Australia, it's a multicultural hub, accepting of all races and religions.

## Affordable

Adelaide's low living costs means that students enjoy great quality of life with rent, transport and food more affordable than most other Australian cities. Adelaide is 19% more affordable to live in than Melbourne and Sydney. (Source: Study Adelaide).

## StudyAdelaide

StudyAdelaide supports International students with information, support services and free competitions, giveaways and events. Joining StudyAdelaide is a great way to make friends and experience life in Adelaide.
