

# How to Guide

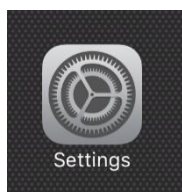

## Connect to the TAFE SA Wireless Network - Apple iOS iPhone or iPad

### ICT Services

---

#### Connecting an Apple iOS iPhone or iPad (10.0.2)

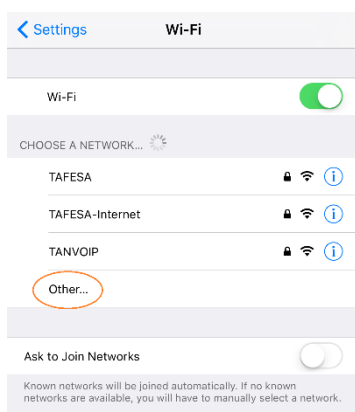

1. Ensure you are in range of the TAFESA-Internet wireless network (e.g. in the campus library or common student area).
2. From the home screen, select 'Settings' as shown below.

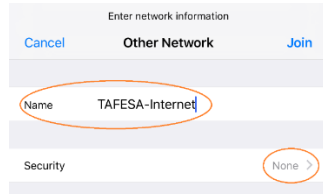

2. From the Settings screen select 'Wi-Fi'.

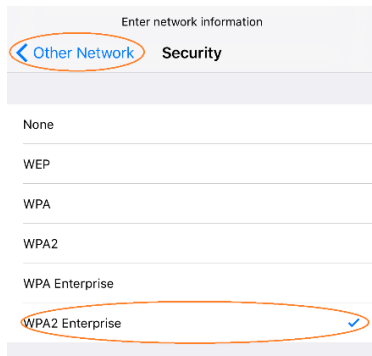

3. From the Wi-Fi screen, select 'Other'.

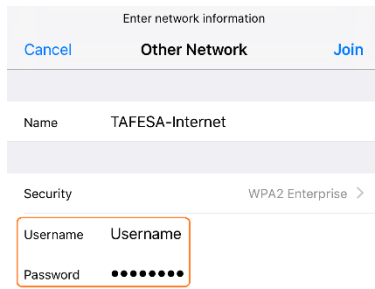

4. Enter the 'TAFESA-Internet' in the Name field, and then select 'Security'.

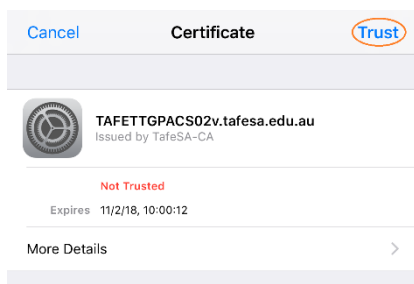

5. From the Security screen select 'WPA2 Enterprise' and then select 'Other Network'.

6. On the 'Other Network' screen, enter your TAFESA username and password in the appropriate fields, and then select 'Join'.

7. The device will then verify your details and configure the wireless network. When prompted on the Certificate screen, select 'Trust'.

8. Your Device should now be connected to the TAFESA-Internet wireless network.
