

How to Guide

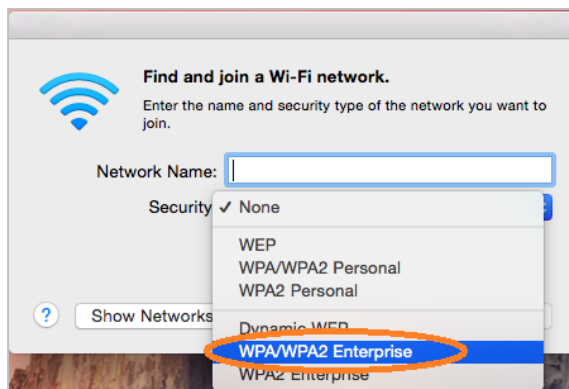

Connect to TAFE SA Wi-Fi Mac OSX Laptop (10.10.5)

ICT Services

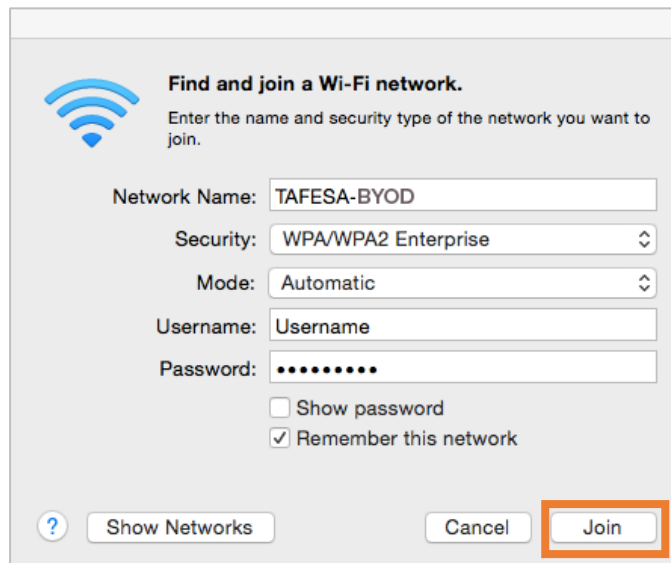

1. Log in to your laptop and ensure you are in range of TAFE SA Wi-Fi (for example, in the campus library or common student area).
2. From the taskbar in the top right hand corner of your screen click on the network icon as shown in the picture below. Check Wi-Fi is ON and click **Join Other Network**.

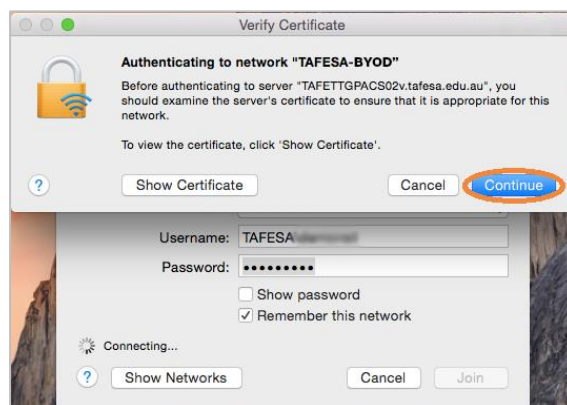

3. Change Security to **WPA/WPA2 Enterprise**.

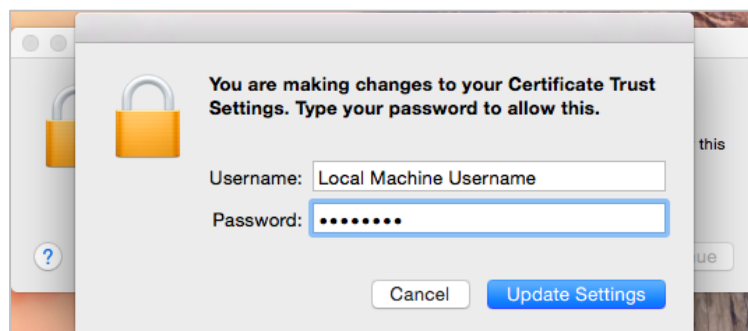

4. Type **TAFESA-BYOD** in the Network Name field and type in your TAFE SA username and password in the appropriate fields. Click **Join**.

5. Click **Continue** when prompted by the Verify Certificate warning as below.

6. Enter your personal computer account details to allow changes to Certificate Trust settings. Click **Update Settings**.

7. Your laptop should now be connected to the TAFESA-BYOD Wi-Fi network.
