

How to Guide

Connect to the TAFE SA Wireless Network – Windows 10 Phone

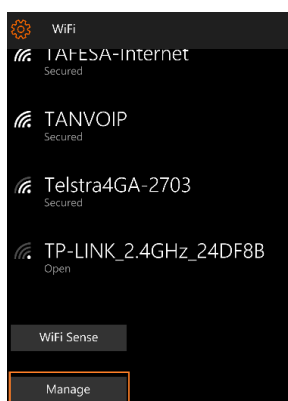

ICT Services

Connecting a Windows 10 Phone

1. Ensure you are in range of the TAFESA-Internet wireless network (e.g. in the campus library or common student area).
2. From the home screen, slide down the notification bar to display as shown below. Select 'Wi-Fi' using a long press/hold.

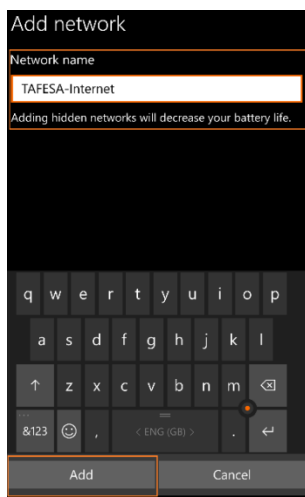

3. Scroll down and select 'Manage'.

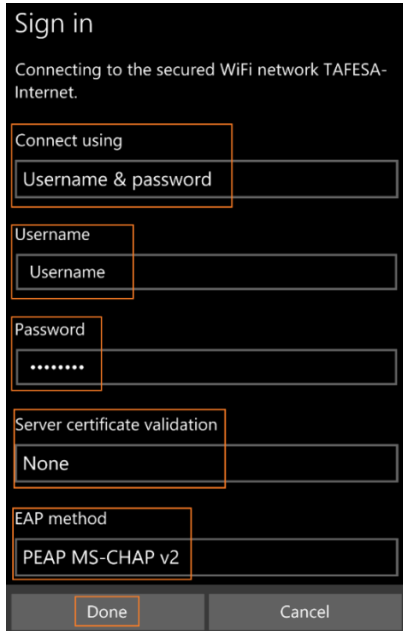

4. Select the '+' symbol with the circle around it.

5. Enter 'TAFESA-Internet' into the Network name field, and select 'Add'.

6. On the Sign in screen, leave 'Connect using' set to Username and password. Enter your TAFESA username and password into the appropriate fields. Adjust the Server certificate validation to 'None', and then press 'Done'.

7. You should now be connected to TAFESA-Internet.
