

How to Guide

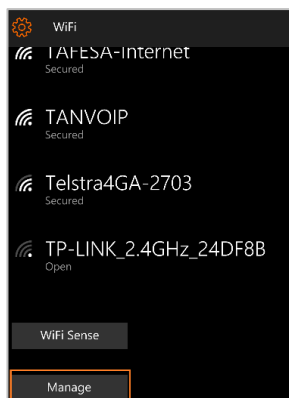

Connect to TAFE SA Wi-Fi Windows 10 Phone

ICT Services

1. Ensure you are in range of TAFE SA Wi-Fi (for example, in the campus library or common student area).
2. Slide down the notification bar and press-hold the **Wi-Fi icon**.

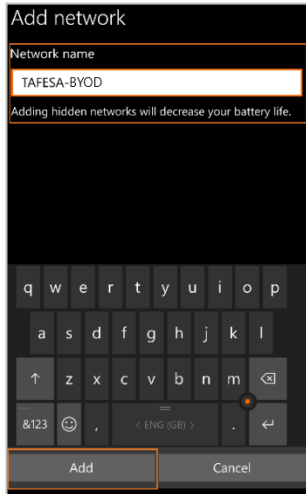

3. Scroll down and select **Manage**.

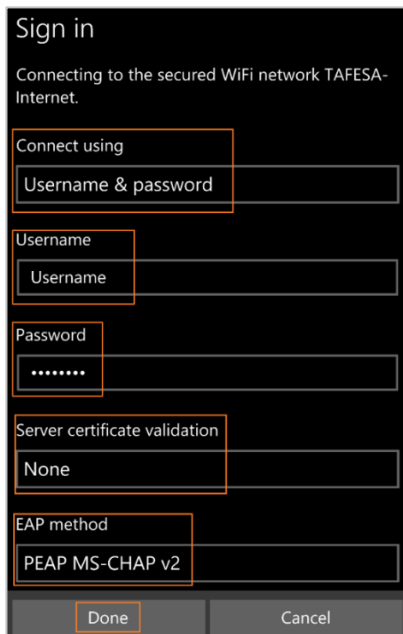

4. Select the **+** symbol.

5. Type **TAFESA-BYOD** in the Network name field and select **Add**.

6. On the Sign in screen, leave the first field as **Username & password**. Type in your TAFE SA username and password in the required fields. Adjust the **Server certificate validation** to **None** and then select **Done**.

7. You should now be connected to the TAFESA-BYOD Wi-Fi network.
